

Course Info

Hopefully this sheet will answer most questions, if not please give me a ring or drop me a line.

Type of course.

I will personally discuss each individual course with the participants. Course content, venue and duration will be structured to your needs.

Accommodation.

Mountain motion can arrange accommodation at venues throughout Scotland, from whole Centres to individual inns and bunkhouses. This will depend largely on the course. Groups and individuals can also arrange their own accommodation. All accommodation costs should be paid directly by participants.

Insurance

It is recommended that participants consider personal accident insurance cover.

Companies such as Harrison Beaumont Ltd and Perkins Slade offer this insurance. It is also available through the BMC and the MCoF S.

Mountain Motion holds Civil & Personal Liability insurance cover to an indemnity limit of £5,000,000. (Five Million Pounds)

Equipment Hire

We will discuss equipment needs prior to the course. Where possible, mountain motion will supply all specialist equipment required. If participants require basic equipment (ie axes / crampons) to undertake an activity, Mountain Motion will try to arrange competitive hire.

Booking & Deposit

A deposit of £100 is required on booking. This is fully refundable if Mountain Motion cancels the course for whatever reason. Notification of at least three weeks is needed for refund of deposit due to participants cancelling. Prior to booking you should have contacted us to confirm course details.

Deposit payment will be due if you cancel the course without three weeks notification and have not yet paid a deposit. If clients cancel two within two weeks prior to the course 30% of the course fee is due. If within a week of the course 50% of the course fee is due. Cheques should be made payable to 'Richard Bentley M.M A/C'.

Safety & Risk statement.

Mountain Motion advises all participants and clients that climbing, mountaineering and other outdoor pursuits carry a danger of personal injury or even death. Participants should be aware of these risks and take some responsibility for their involvement and actions.

Mountain Motion will take all recognised steps to minimise such risks, through the experience, qualifications, professionalism and best practice of all staff involved in delivering courses.
